Re: Colon v. City of New York
12 CV 9205 (JMF)

Dear Judge Furman:

November 13, 2014

I am writing this joint letter on behalf of all the parties to inform the Court that a settlement has been reached in this matter of all claims with respect to all parties. The settlement in this case is part of a "global" or joint settlement of all actions related to Danny Colon's claims, including the State Supreme Court and State Court of Claims actions brought by Mr. Colon's original co-defendant, Anthony Ortiz. The defendants understandably have made a condition of the settlement of this action such a global settlement of all the related actions.

I am working with all counsel in all three actions to prepare and file simultaneously the requisite settlement documents. Because of the number of parties and settling governmental entities (New York City, New York State, and the New York City Housing Authority) involved, the parties jointly request until November 26 to file the requisite settlement documents in this action, and request that all discovery deadlines be stayed or frozen until such date. The Court's flexibility concerning the scheduling issues in this case and prompt resolution of discovery disputes greatly assisted the parties in reaching this settlement.

Respectfully submitted,

Joel B. Rudin
